Andy Casey's Troubles.
Owensboro, Ky., April 8.—The Inquirer assigned to-day. The assets are about \$20,000 and liabilities about \$10,000. The assignment was caused by J. J. Sweeney filing suit for \$22,000, which was secured by a first mortgage.

A. J. Casey, being the sole owner of all the stock and indorsement for the company, also filed a deed of assignment.

Thomas S. Pettit is the assignee. Mr. Pettit has promised that Casey, the office force and the sound money policy of the paper shall remain the same as before the assignment.

The creditors are principally the banks. Mr. Casey thinks he will be able to pay out. He says he will not ask a compromise. He intends to pay every cent he owes.

That Morrison's Groundhog.

An account was published in the Kentuckian in February of Mr. Eugene Morrison's experience with a pet groundhog, that emerged from his winter quarters on Feb. 2, and when the sun came out broke out of a cage in which he was placed and returned to his hole in the ground.

We are sorry that we cannot vindicate the 40 day's tradition in the subsequent actions of the groundhog, but the truth must be told. The groundhog did not remain in the ground for 40 days. On the contrary he returned in three days and continued to disappear and return about every three days to be fed.

The ground hog is now full grown and refuses to have anything to do with Mr. Morrison, who put him in the cage on the day he saw his shadow.

Cuban Resolution Adopted.

Washington, April 6.—The House adopted the Senate concurrent Cuban resolutions by a vote of 244 to 27. The vote was received with tumultuous cheers. The vote on the resolutions was taken in the shape of a motion to adopt the concurrent report, showing that the House concurs in the Senate resolutions. The resolutions, being concurrent, do not need the approval of the President, but, of course, will be sent to him through the usual channels, so that he will receive official notification of the opinion of Congress on the Cuban question.

No Kentuckian voted in the negative.

News From the Capital of Texas.

Cadiz, Apr. 8.—Mrs. Bettie Cunningham, the wife of Thos. Cunningham, living three miles west of Cadiz, died Saturday. She was 64 years old and a member of the Baptist church. She leaves six children, all grown.

Cards will soon be out announcing the marriage of two of Cadiz's society young people, Miss Ethel Dabney, the accomplished daughter of Capt. J. C. Dabney, and Dr. Homer Blaine, a promising young physician of Cadiz. The marriage will take place at the M. E. Church on the 22 inst. Rev. T. Hardison officiating. It will be a swell wedding.

General Harrison Married.

New York, April 6.—Gen. Benjamin Harrison and Mrs. Dimmick were married at 3:30 o'clock this afternoon at St. Thomas church. There were many distinguished guests. Mrs. McKee and Russell Harrison, Gen. Harrison's children, were not present, having refused to attend. They hold nothing against Mrs. Dimmick, it is said, but cannot bear the idea of any woman taking the place of their mother.

The bride received many valuable presents. The principal gift from Gen. Harrison to Mrs. Dimmick is a necklace made of seven rows of pearls. The necklace is fifty-five inches long and has diamond clasps.

Police Court News.

Lewis Lloyd, col., b. p., 30 days in the work house.

Dallas Dinguid, col., using profane language, fined \$5 and cost.

Pinis Washington, col., c. e. d. w., 30 days in the work house.

In A Dying Condition.

Wm. Gibson, who was struck with a hand spike Saturday last at his home below Corydon, is reported in a dying condition. Blood continues to flow from his nose, eyes, ears and mouth. As yet the offender, Weaver, has not been arrested. He is still at his home on Gibson's farm.

The latest information from Frank Bell and Will Winfree, who left for Cuba about a month ago, is that they are still in New Orleans, looking for an opportunity to cross the Gulf.

DR. SEARGENT MARRIED.

He Weds Miss Lizze Brown, Formerly Mrs. Nibbet.

Last Tuesday the Kentuckian was notified by a correspondent at Crofton that a wedding was on the program for one day this week, and consequently the expected happened when Dr. Andrew Seargent procured a license early Wednesday morning and started to Crofton to be married to Miss Lizze Brown, the divorced wife of Dr. W. K. Nibbet, of Madisonville, and the only daughter of Mr. Omar S. Brown, one of the richest men in North Carolina.

Inquiry at the clerk's office developed the fact that Clerk Prosser had held up the filing out of the register blank, though when cornered he admitted that the license had been issued. Dr. Seargent desired the matter kept a profound secret, and the clerk had attempted to gratify him, not knowing that the secret had leaked out from the other end of the block. Dr. Seargent, accompanied by Dr. Preston Thomas and the marriage took place at noon in the presence of a few relatives and friends. Eld. Wright, of the Christian church, was the officiating clergyman.

A wedding dinner was served and the bridal couple took the L. & N. o'clock passenger train for the city at 5:33 on their way to New York, where they will remain for two or three days. During which time Dr. Seargent will visit his old college, where he will return to this city and take board with Latham.

Dr. Seargent is one of the best known physicians in the city and is a prominent Republican politician. About twelve years ago he was married to Miss Lizze Gibb of this city, but a separation took place about a year ago and last month Mrs. Seargent obtained a divorce in the circuit court in an ex parte suit.

The present bride, like the groom, has been married before. About ten years ago she was married to Dr. W. Nibbet, a young physician of this city, but the marriage was not a congenial one and after several years they separated and a divorce was obtained, the wife resuming her maiden name.

FIRST DISTRICT REPUBLICANS.

Paduach, Ky., April 8.—The Republican district convention met here yesterday afternoon at 8 o'clock, and the enclosure in an audience exceeded the most sanguine expectations, and completely filled the court room.

In addition to the ninety-six delegates there were hundreds of disinterested people present, including prominent politicians, both Democratic and Republican.

The convention was held for the purpose of electing two delegates to the national convention, which meets at St. Louis on the 16th of June, and instructing those delegates for whom to cast their votes in the national convention—whether for Bradley or McKinley.

After a stormy session the Bradley men were victorious. They adopted a platform demanding the re-election of the McKinley men, reserving the financial plan of the last convention and endorsing Bradley in the strongest terms.

J. H. Hargy and W. B. Vandell were elected delegates and instructed to vote for Bradley.

W. Mason, of Mayfield, was elected district elector with Luther Sanders, of Trigg, as alternate.

G. W. Sanders was chairman of the convention. Capt. Ed Farley, led the McKinley forces, but they were turned down at every point.

Judge Brown's Protest.

Please say to the world and all mankind that I am not the man who some think that was appointed a delegate to the Republican Convention at Madisonville. It was Esq. M. D. Brown, known as Benton, and not M. D. Brown, Esq. Brown is a reputable good citizen of Crofton, Ky., in this county, and was made a delegate to the Republican Convention. Some of our friends got the M. B. and M. D. mixed. Can we anything, do with me as the public may think best, exile me to the Cannibal Isles, send me to China as a Missionary, send me as a Commissioner to arbitrate and settle by agreement the financial problem of the world, appoint me as Presidential elector on the Democratic ticket, elect me to the Senate in place of Judge Landis, retire me to the Antipodes, call me Colonel, accuse me of going to a base ball game or riding a bicycle, have me shot at, run me to-morrow, anything, everything, so you do not accuse me of being in a Republican convention in Hopkinsville, Ky.

MILTON DUDLEY BROWN.

Died of Heart Disease.

Mr. John W. Stewart died suddenly of heart disease yesterday at his home near Gracy. He was in his field, giving some instructions to his hands when he fell and expired instantly.

TO-DAY'S SCOOPS.

ITEMS OF NEWS PUBLISHED EXCLUSIVELY IN THE KENTUCKIAN.

Suicide at the Asylum.—Fiscal Court Elections.—Freight Wreck.—Trouble over a Call.—Burglary.—Bat Catch.—New College.—Trenton Deaths.—Calliway Court.—New Warehouse.

Suicide at the Asylum.
A suicide occurred at the Western Asylum yesterday morning. Wm. C. Clark, a patient from Penrod, in Muhlenberg county, tore his sheet into strips and hanged himself to a ventilator in the wall of his room, after having tied his feet together. When found he was dead.

The Coroner held an inquest yesterday and the verdict exonerated the authorities from blame in the matter. Clark was a preacher and was 60 years old. He had been in the Asylum 11 years. He leaves no family.

Sight Freight Wreck.
A north-bound L. & N. freight train was wrecked one mile South of the city at 4 o'clock yesterday morning and one car was ditched and reduced to kindling wood. Several other cars were derailed. The accident was caused by a loose brake being dropping in front of the wheels. No one was hurt. The wreck was cleared before the South-bound passenger trains arrived and they were not delayed.

A New Baptist College.
The Bethel Training School at Guthrie, established about four years ago, has been incorporated as a Baptist school to be called Walton College, for the education of both sexes.

Thos. S. Minnis was elected President of the Board of trustees. Mr. Isaac Garrett and Rev. J. S. Cheek, of this county, are members of the Board. A Principal of the school has not yet been elected.

Two Deaths at Trenton.

Trenton, Apr. 9.—James Lunderman, an ex-convict of Todd county, died at his home just east of this place, Tuesday, after a long spell of sickness.

Mr. Demetrius Carnal died at his home near Barker's Mill Wednesday, aged 25 years. She was a Christian lady and beloved by all who knew her.

Trouble Over a Cat.

An altercation occurred Wednesday at the residence of J. Wheeler Cayce, near this city, between Mr. Cayce and a Mr. Hanberry on one side and W. S. Boales, a cattle dealer of this city, on the other. Boales was pulled from his buggy and badly beaten up. The trouble arose from a dispute over a calf. Mr. Boales, it is said, will bring suit for damages.

Burglary at Hadenerville.

The safe in the store of R. T. Hollins & Sons, at Hadenerville, was burglarized Saturday night. The safe was cracked open, but only \$20 was secured, as the greater portion of the firm's money had been banked. No clue to the thieves.

A Big Catch of Rats.

Mr. F. L. Waller's little boys set a trap for rats Wednesday night and yesterday morning the trap contained 32 rats of all ages and sizes. The trap was taken over to Mr. W. A. Pattie's, who lives next door, and his rat dog destroyed them one by one, and did not let a single one escape.

Court in Calliway.

Circuit Court will begin next Monday at Murray for a term of three weeks. It is hardly probable that Judge Breathitt will be well enough to preside and a special judge may have to be elected.

To Build a New Warehouse.

The L. & N. has purchased the house and lot of R. M. Anderson, corner of 6th and Railroad streets, and will erect a large warehouse on the lot. Mr. Adams, the local agent, will occupy the residence.

An overturned leap at Mr. W. A. Radford's near Pembroke, caused quite a fire scare one night this week. Mrs. Radford set it off or overturned it on the hearth rug and in a moment the carpet was in a blaze. She was in great danger of catching her clothing on fire in her effort to put it out, before Mr. Radford could get to her rescue. The family cat happened to be in the way of the burning oil and catching fire caused a panic by jumping into the bed with the sleeping children. By retaining his presence of mind and acting promptly, Mr. Radford succeeded in averting both dangers without any real damage being done. Mrs. Radford, however, suffered an attack of nervous prostration, and she has not yet entirely recovered.

The Fiscal Court.

The County Fiscal Court met Tuesday and has since been holding daily sessions.

The first two days were taken up with reports and hearing grievances of various kinds. The usual large number of applications for exemptions from the payment of poll taxes were presented and in twelve or fifteen instances the parties were released from taxation. There should be a line drawn somewhere in this sort of business and it should be drawn at able-bodied men.

Yesterday the road question was up for consideration. The Court decided to continue the present system for another year.

Eg. Barker moved that one supervisor instead of two be elected, but this was voted down and on motion of Eg. Barker the county was again divided into two districts with two supervisors in each, to be in office from April 1 to Oct. 1, and subject to orders during the other months.

While waiting for some records the Court made appropriations of \$20 each for two electives, to buy medicine.

The election of supervisors was then gone into and on the first ballot Mr. John M. Dulin was re-elected for the northern district.

After dinner the supervisor was elected and Mr. Herbert Dillman was the successful applicant out of a dozen or more.

The Court went out yesterday afternoon in a body to see a new road machine at work near the city. The workhouse matter has not yet been taken up.

THE COUNCIL MEETS.

Mr. Anderson Rejoins as Member From the Fifth Ward.

The regular meeting of the city council was held Tuesday night with all of the members present. The routine business occupied most of the time.

A committee was appointed to confer with the Fiscal Court now in session, relative to the workhouse matters.

It was ordered that 12th and 13th streets, from Railroad to Campbell streets, be macadamized and foundry walks were ordered put down on the west side of Elm Street at the expense of the property owners.

The Hopkinsville Water Co., was by ordinance required to put the streets in the same good condition they were before they were torn up to lay pipes. This brought on a spirited discussion, taxing steam laundries \$50 a year, a Chinese laundry has been opened by Louis Sing, on Seventh Street. The ordinance was examined and found to apply to "steam" laundries only, and Councilman Ware wanted it amended to apply to the chimaera.

This brought on a spirited discussion, in which the member from the Sixth ward opposed the amendment. The vote stood 5 to 2 in favor of the amendment.

Just before the Council adjourned Councilman A. H. Anderson, the member from the Fifth ward and the only Republican on the council, tendered his resignation, which was accepted. Action will be taken to fill the vacancy at some future meeting.

There are four gentlemen mentioned for the succession. Messrs. W. R. Kennedy and J. M. Frankel, Capt. W. S. Goodwin and Dr. B. N. Wood. All are clever gentlemen and good Democrats and any one of them would make a satisfactory councilman.

State Convention Call.

Chairman Long has called a meeting of the Democratic State Executive Committee for April 22nd, at the Galt House. They will name a day for the State Convention, at which delegates will be chosen for the National Convention, to be held in Chicago, July 7th. It is probable that the Convention will be called early in May, and as the Derby is run on the 6th of that month, this would be a very convenient time to assemble the unfettered.

The probable candidacy of Secretary Carlisle has complicated the situation in this State. Mr. Carlisle out of the way, the free-silver men would carry the County by a landslide. The presence of a Kentucky candidate in the field for the presidency, however, would encourage the gold-standard men to greater efforts, and many of the free-silver men would refuse to oppose Carlisle through State pride. If, however, Mr. Carlisle comes into Kentucky and makes a number of speeches before the Convention, as it is said he will do, all the old feeling will be stirred up, and he will have a divided delegation at Chicago. In fact, it will take very good management to secure him the vote of Kentucky in the National Convention.—Louisville Critic.

Six Logan county moonshiners, who have served a term of sixty days for dealing in illicit goods, were released from the Davies county jail Tuesday.

W. T. Majors, of Robards station, near Henderson, who was operated on for gravel a few weeks ago, died Tuesday.

FRIDAY, APRIL 10th, 1896.

Gen. Jno. B. Castelman is one man in Louisville who seems to have a mind not "made up" for him in Wall street. He is a candidate for district delegate and was interviewed by the Times this week on the question of Secretary Carlisle, who thinks he is running for the Democratic nomination for President. Gen. Castelman, however, remembered that remark of Mr. Carlisle's at Covington last summer and gave the following significant response:

"Upon that point I will say that I have very high authority for wishing to vote exactly as I please. My authority is Mr. Carlisle himself. If, however, you wish to be further informed, I am for the man who stands the best chance for election, a Kentuckian first."

It is well enough to remember in this connection that both Matthews and Stevenson are Kentuckians, and that Gen. Castelman was one of the warmest supporters of Stevenson for Vice President in the last convention. Gen. Castelman's interview needs a diagram.

The Louisville Post recently sent out a letter to county chairmen asking them to state their opinions of Mr. Carlisle's availability as a presidential candidate and also their ideas of the chances for success in the State next fall. Of 40 replies given last Monday, 26 were favorable to Mr. Carlisle, 12 against him and 2 non-committal. Some of the stalwart Democrats were bitter towards the Post, one of them telling it that it belonged in the Republican party and had no business to be meddling in Democratic affairs.

The Owensboro Daily Inquirer passed into the hands of an assignee Wednesday. This well known journal was a Democratic afternoon paper, owned principally by Mr. A. J. Casey and edited by Col. Geo. V. Triplett. The paper was supposed to be a paying basis and the failure was a surprise to the public. Mr. Casey will have the sympathies of his brethren of the press in his troubles.

The Covington Commonwealth, Mr. Carlisle's home paper, is out against him and will make him fight for his life in his own town. The Commonwealth says:

"Mr. Carlisle's newspaper support is confined to the Louisville Post, venomous; the Louisville Times, sardonic; and the Courier-Journal, wobbly."

It is not quite so bad as that. "The Paduch Standard, interested," might have been added.

The Cuban resolutions have been sent to the President and he is expected to issue a proclamation recognizing the belligerency of the Cuban patriots. It is not necessary for him to sign the resolution, but if he fails to take official notice of the recognition, the matter will be taken up again by Congress in some shape or other.

There is a wide difference in the claims of the Bradley and McKinley factions in Kentucky. The Commercial claims that the delegates so far chosen stand 883 for Bradley and 518 for McKinley, while the McKinley leaders say McKinley has 805 and Bradley 475. Live times are expected in the State convention next week.

Leigh Bros. & Wilhelm have brought suit against the Standard Publishing Company for a forfeiture of \$500 for the failure to transfer the paper on April 1st as contracted. The sale is now off and Leigh Bros. & Wilhelm will start a new morning daily with a first-class outfit.

Ed T. Franks, who will be nominated for Congress by the Republicans, at Madisonville, next Monday, is like Dr. Clardy a member of the Baptist church. Mr. Franks belongs to the First Baptist church of Owensboro.

Congressman Hendrick says Congressmen Owens will hold his seat. It would be interesting to know what Mr. Hendrick thinks about his own seat.

The Louisville Post published a fake interview with Dr. Clardy Tuesday in which he was made to say: "I think Mr. Carlisle's letter a very wise one. It will rob the opposition of its sting and unite the various factions in his own state. There has never been any doubting in my mind that he would get Kentucky behind him. He has not declined the nomination, and I believe that the convention will give it to him. It was the strongest letter that he could have written."

In a letter to the Kentuckian Dr. Clardy says he has not been interviewed by the Post, correspondent and he doesn't even know what he has been represented as having said. In the Owensboro Messenger, he also repudiated the interview, which was a fake pure and simple. The fact that it appeared in a sheet of the character the Post "enjoys" was enough to discredit the statement, without a formal denial from the gentleman misrepresented.

Both of the Louisville afternoon papers, the Times and the Post, are "writing up" the "boys" of the country press and giving double column pictures of the subjects. In view of the fact that "The love of praise how ever concealed by art, drives men on to glory in every heart."

These departments are proving to be very interesting ones to the members of the press and their friends.

The Louisville Daily News, Brent Atseler's new paper, is a well printed and neatly arranged eight column folio sold for one cent a copy, or \$3.00 a year. It is independent politically, but will advocate the single gold standard.

The Harrison wedding cake was a pyramid made by piling cake upon cake until the top one was no larger than a small plate, while the base was as large as a cart wheel. It was made last fall and cost \$260.

Speaker Crisp and Secretary Smith have resumed their joint debates and 4000 people heard them at Newman, Ga., Tuesday. They met again today at Albany.

The fight for silver in Missouri and Tennessee is now in advance. Hardly a county convention has been held that has not declared for bimetalism and unsharpened Democracy.

The Courier-Journal published the opinion of seventeen Kentucky papers on Mr. Carlisle's candidacy and they stand nine for and eight against him.

The Paduch News has lined up with the Stalwart Democrats in the fight for bimetalism.

The Olympic Games.

The preliminary events have been contested for in the restored Stadium at Athens, Greece and it is evident that the revival of the Olympic games will surpass even the expectations of those who have worked so hard and patiently for a revival of the sports and games of ancient Greece. The opening day more than in all promises. The throng was immense, the contestants came from all portions of the world, and there was a most auspicious beginning of what the future will be the grand international contests in these athletic sports, a revival which will elevate true athletes sports and place them upon the high plane they should occupy.

The United States carried off the laurels in the preliminary contests, the representatives from Princeton and Boston winning the events they tried for, and with this good record to their credit they will almost certainly win on Friday next, when the final tests are to be made.

Every lover of manly sport, every advocate of true athletics, every one wishing to elevate the tone of outdoor recreations can but be rejoiced that the Olympic revival has received such encouragement and support.—American.

Mr. W. H. Cooke and Mr. J. D. Blakeau will be the silver side of the question, while Mr. J. R. Kirby and Mr. D. C. Amos will speak for the single gold standard.

The Cadiz Telephone is coming around all right on the money question. It has been more or less in question, but an editorial statement appeared in yesterday's paper defining the present position. After explaining that the management of the Telephone has undergone a partial change within the last six years, the present editor declares that he stands on the 1892 platform as it was interpreted at the time and adds this paragraph: "The financial plank of the Democratic platform of 1892, on which we stand, does not discriminate against either gold or silver. It demands the coinage of both at the mint free of charge, and that all money shall be maintained at its par current at its face value by the Government. The doctrine is good. It is sound and won for the Democracy the grandest victory of the age."

Tennessee Centennial Exposition at Nashville.

Its Great Buildings Now in Process of Construction.—To Commemorate the Admission of the Prosperous Southern State to the Union.

(Special Nashville (Tenn.) Letter.) The people of Tennessee are making great preparations for the proper celebration of the centennial anniversary of the admission of their state into the Union. This great historic event will occur June 1; and thousands of

Several years ago the business men of Nashville concluded to celebrate the Tennessee centennial by calling for life an exposition modeled after the World's Columbian exposition at Chicago. Subscription lists were opened at home and in other important commercial centers of the state. The responses were gratifying, and the men in charge of the enterprise hoped to have it perfected by the first of next June. The Atlanta exposition interfered with this plan, however, and the management concluded to postpone the opening of the Tennessee Centennial exposition until May 1, 1907. Already \$20,000 has been expended in preparing the exposition grounds, and

loyal Tennesseans will gather on that day at Nashville, the state capital, to witness grand military and trade pageants and gorgeous fireworks and illuminations. The celebrations planned in honor of the day and occasion will be unique. Artists and merchants will vie with each other to make every feature memorable; and this happy combination of brains and money gives assurance that visitors from outside of the state will be amply repaid for undertaking a journey to the south for the purpose of witnessing the proposed display.

The region which now constitutes the state of Tennessee was claimed in early

work on the main buildings is progressing at a gratifying pace. The main structure, called the Commerce building will be 901 by 236 feet in size and all its outer uprights are already in position. The Pantheon, or Art building is nearly under roof. This is a thoroughly classic structure, and will be guarded by a heroic statue of Athena, the work of Miss Enid Yencell, a Louisville (Ky.) artist, now residing at Paris.

The Transportation building has advanced to the completion of the frame work, and the Administration building is ready for the staff. The Woman's building and the Auditorium are under

times by North Carolina, and by France and Spain. The leading settlement was made in 1769 from Virginia and North Carolina. In 1784 the settlers formed the temporary state of Franklin. Subsequently North Carolina ceded its claims to the United States, and the territory of Tennessee was formed in 1790. In 1796 the people adopted a state constitution, which was approved by congress, and the state was formally admitted to the union June 1, 1796. During the civil war Tennessee was the scene of many important events, among them the battle of Fort Donelson, Shiloh, Island No. 10, Memphis, Mur-

root and ready for the trimmers. Plans for the Agricultural building are now in the hands of the management, which some time ago, offered a prize for the best design for this structure. It is the aim of the exposition people to make the Agricultural building and its contents the principal points of interest at the fair. A children's building will be erected before the exposition opens. The exposition grounds cover 100 acres, in a delightful location. Landscape gardeners of note have been employed to enhance the natural beauties of the site, and have persuaded the management to add a noble hill and an

freelance, Chickamauga, Franklin and Nashville, and the relief of Chattanooga and Knoxville. In 1866 the state, which had seceded in 1861, was readmitted to the Union. Its prosperity since the close of the war has been wonderful, due in a large measure to the development of its agricultural and mineral resources. Its population in 1890 was 1,767,215; but at the present time is nearly 2,000,000.

Nashville, the capital of the state, is one of the most prosperous municipalities in the United States. It is the seat of many well-known educational institutions, among them the Nashville

adjoining park to the grounds. A small lake, about four acres in extent, already filled with water, ends in a graceful waterfall at a point where the main entrance is to be located. Another lake, 15 acres in extent, is also nearly completed. Banks of shrubbery and groups of trees have been planted at desirable points in addition to about 800 trees already on the grounds. The roads and walks are macadamized and will soon receive a top surface of Kentucky asphalt.

Amusement features will be numerous, but probably not quite as "lively" as those seen at Chicago and Atlanta.

university, Vanderbilt university, Fisk university, Roger Williams university and Tennessee Central college. Commercially it is quite as important as it is politically and intellectually. Its wholesale trade is enormous, and some of its manufacturing plants are of national importance. It is, moreover, the headquarters of several large railroad systems and the clearing house for a wealthy section of Tennessee. Its population—noted for progressiveness and public spirit—exceeds 400,000.

Nashville wants to do the "proper thing" all the way through, and it now looks as though the management would succeed in giving to the country an exposition at once unique, complete and more interesting than any ever held in the United States, excepting, of course, the great Chicago fair.

The Kentuckian job rooms are not only supplied with superior equipment of every kind, but we are now turning out high class work with a dispatch that is a constant surprise to those who have not been accustomed to the up-to-date movements of first-class workmen. The record for rapid work was broken one day this week, when a job of envelopes was set up, printed and delivered in just twelve minutes after the order was received.

The people of Hopkinsville will be given a chance on next Monday night, April 18th, of hearing at the Tabernacle, the famous Cornetist Poet Humart, Ferd Emerson Brooks. The music of his voice is apparent from the fact that he is a fine baritone, but he never permits himself to sing, preferring to confine himself to his special delight—the delivery of his own poems. There is nothing so charming as the range of the human voice that he does not seem equal to.

There is no passion or feeling he does not portray, nor does he lack the actor's sound of animals about the farmyard he does not imitate. And with all he has such a delightful personality and such a pleasing delivery, standing nearly six feet and weighing nearly 200 pounds, he is so commanding and graceful in his delivery that one cannot but be charmed and follow him with such delight and pleasure that the two hours are gone before you know it.

Do not fail to hear him. Get your seats reserved without extra charge at Egin's drug store. General admission 50c, children 25c.

Attacked by a sow.

The following item appeared in the Louisville Times Tuesday from Clarksville:

Edward Higgins, the little daughter of a farmer who lives near Gracely, Ky., went up to a litter of small pigs and took one of the animals in her arms. The squeals of the pig brought the mother to the scene and the infuriated sow so injured the little girl in the region of the bowels that she will probably die. Had it not been for the timely arrival of friends the mad sow would have killed the girl on the spot.

Nothing further could be learned from the matter yesterday at the hour of going to press.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before prophetic—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is the only remedy which promotes internal cleanliness without debilitating the organs to which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives of other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed every where, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
